- Self-motivation
- Continuous learning

TECHNICAL PROJECTS

My Portfolio [CODE](#) | [DEMO](#)

+ *Environment: HTML, NEXT.JS, Tailwind CSS, getform.io*
+ *Led the design and development of the entire portfolio website, increasing visibility of skills and projects, leading to improved networking and job opportunities.*
+ *Gained hands-on experience with Next.js and responsive web design.*
+ *Effective project management and organization.*

Tip Calculator [CODE](#) | [DEMO](#)

+ Environment: HTML, CSS, Next.js
+ Developed a bill splitting calculator web application that allows users to input a bill amount, select a tip percentage, specify the number of people, and receive calculated tips and total amounts per person.
+ Led the design and development of the Tip Calculator application, enhancing user experience for bill splitting.
+ Gained expertise in handling user inputs and calculations within a web application.

To-do App [CODE](#) | [DEMO](#)

+ Environment: HTML, CSS, React, Firebase
+ Developed a ToDo App facilitating efficient task management, featuring checkboxes for tracking completion status and a delete button.
+ Spearheaded the design and development of the Todo App, including front-end and Firebase integration.
+ Enhanced task organization and productivity for users, demonstrating strong self-discipline, time management, and problem-solving skills.

.

Movies Project [CODE](#) | [DEMO](#)

+ Created the Movie Explorer Web App using JavaScript, CSS, and APIs, providing users with a dynamic platform to discover movies and actors.
+ Led the development of the Movie Explorer Web App, including front-end design and API integration.
+ Provided a rich and interactive movie discovery platform for users, gaining proficiency in working with external APIs, dynamic content rendering, and responsive UI/UX design

WORK EXPERIENCE

Case management officer at Association for Aid and Relief, Japan organization, Sanliurfa city, Turkey

October 2020 — December 2022

+ Accomplished efficient project coordination as measured by consistently meeting project deadlines, managing resources effectively, and ensuring seamless communication between different project teams.
+ Improved reporting accuracy and timeliness by streamlining data collection and report generation processes, leading to a 20% reduction in reporting errors.
+ Enhanced stakeholder relationships by building strong connections with beneficiaries and local stakeholders, resulting in increased community engagement and support for our projects.

EDUCATION

Re:Coded, Online Immersive Bootcamp

February 2023 — September 2023

Front End Web Development: HTML/CSS, JavaScript, React
5 months of project-based learning + coding, with 400+ hours of curriculum and a simulated client project

Aleppo University, **Bachelor's Degree in English Language and Literature,** Aleppo, Syria

September 2008 — July 2013
